# FIND YOUR PATH IN THE ENERGY SECTOR

## CAREER ORIENTATION & ENTRY AT E-WORLD 2024

E-world energy & water has been the meeting place for the European energy industry since 2001. As an information platform for the energy industry, E-world brings together international decision-makers in Essen every year. With 820 exhibitors and more than 20,000 visitors in 2023, it is the leading trade fair for the European energy industry.

One of the main topics at the trade fair is the energy and heating transition. The success of this also

depends on the availability of enough skilled workers. E-world has been addressing this topic since 2005 and created with the Career Forum a recruiting event for the energy industry.

As part of E-world 2024, the third day of the trade fair will be expanded in a comprehensive Career Day, which is primarily aimed at students from the fields of economics, engineering, mechanical engineering and IT.

### A VISIT TO E-WORLD 2024 IS WORTHWHILE

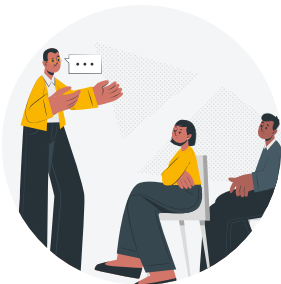

#### MORE THAN 820 EMPLOYERS IN THE INDUSTRY IN ONE PLACE

The Career Day gives you the opportunity to get in touch with recruiters directly and make valuable contacts. Meet all the key employers in the energy sector in one place.

#### GET ADVICE FROM EXPERTS

Gather valuable practical experience reports from young professionals and discuss your career choice with managers. Present yourself to HR managers and pick up tips for your perfect application.

#### EXPERIENCE EXCITING EXPERT TALKS AND PANEL DISCUSSIONS

An extensive live program on the stages of the Change (Hall 4) and Future (Hall 5) forums will accompany the Career Day. Experience expert talks on important topics from the energy sector and about careers in the industry. You can also look forward to interesting and top-class panel discussions.

#### DISCOVER YOUR STRENGTHS AND TEST YOUR SKILLS

Get to know your strengths in challenges organized by exhibitors and gain valuable insights into various jobs in the industry. Take on interactive challenges and find out which skills are in demand in different jobs.

# Bei der Energiewende drehen wir ein großes Rad.

## Packst Du mit an?

Wir sind ein führendes europäisches Netzwerk von Stadtwerken und gestalten den Energiemarkt von morgen. Der Schlüssel dazu sind nachhaltige und erneuerbare Energien – und ein engagiertes, kompetentes Team voller Begeisterung und mit Visionen für die Zukunft. Passt das zu Dir?

Dann bewirb Dich – gerne auch schon während des Studiums.  
Was wir Dir bieten: schlanke Hierarchien, Eigenverantwortung vom ersten Tag an und viel Entwicklungspotenzial. Und ein im wahrsten Sinne des Wortes ausgezeichnetes Arbeitsklima!

[www.ich-bin-energie.de](http://www.ich-bin-energie.de)

Ideen. Gemeinsam. Umsetzen.

# PROGRAM-HIGHLIGHTS

THESE PROGRAM HIGHLIGHTS ARE WAITING FOR YOU **ON STAGE**

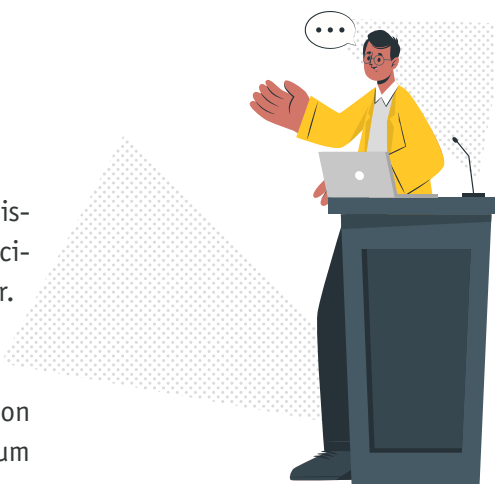

**An extensive live program on the stages, including these highlights:**

## EXPERT PRESENTATIONS & PANEL DISCUSSIONS

Listen to exciting specialist presentations and panel discussions with representatives from companies and associations on the most important topics in the energy sector.

## PODCASTS

Be there when podcasters record their new episodes on the latest events in the energy sector live on our forum stages.

## CEO MEETS STUDENT

As part of the Career Day, students meet managers from the industry and debate current controversial topics live on stage. Follow exciting discussions at eye level with fresh perspectives and participate with your own questions on the topic of the energy transition.

### PARTICIPANTS AMONG OTHERS ARE:

# CHALLENGES

## FACE CHALLENGES AND GET TO KNOW YOUR STRENGTHS AND THE INDUSTRY BETTER

Various exhibitors will prepare challenges for you on Career Day. Take on interactive challenges and find out which skills are in demand in various jobs. Here you will already get a sneak peek of what to expect:

### QUIZ PONG FROM SHELL ENERGY GERMANY

📍 hall 1, Stand number: 1B106

Inspired by the popular party game, it's not just about skillfully throwing the table tennis ball into the cups, but also about mastering various questions and tasks that can be found in each cup. Each player has three attempts to hit the ball into the cups.

### QUIZ BY STX COMMODITIES B.V.

📍 hall 2, Stand number: 2B111

Take part in stimulating conversations with employees and put your knowledge to the test in an exciting quiz to win a prize.

### HOT WIRE FROM MASCHINENFABRIK REINHAUSEN

📍 hall 5, Stand number: Future Forum (5J102)

Ready to test your skill and nerves? This is all about precision and dexterity. Your task is to move a guide element through a wire without touching it.

### ESCAPE BOX FROM FAIRCONSULT 24|7

📍 hall 5, Stand number: 5H116

Crack all the riddles to find out the correct combination of numbers. The key to opening the box lies in your knowledge of current topics such as energy industry, digitalization and AI.

You can find more challenges on our [🔗 Career Day Website](#).

Wir stellen ein:

## Key Account Manager (w/m/d)

Die **GEWI GmbH** ist ein modernes, mittelständisches Energiedienstleistungsunternehmen mit Hauptsitz in Hannover. Unser Team beschäftigt sich intensiv damit, die Energiewende und den Ausbau der Erneuerbaren in Deutschland weiter voranzutreiben. Neben sogenannten Power Purchase Agreements umfasst unser Tagesgeschäft die klassische Direktvermarktung für Wind- und PV Anlagen sowie das Entwickeln neuer Produkte, die wir mit unseren Kundinnen und Kunden eng am Puls des Marktgeschehens abstimmen. Für die Verstärkung unseres Teams suchen wir einen engagierten und qualifizierten **Key Account Manager (w/m/d)**.

### Deine Aufgaben:

- Du bist zuständig für die Gewinnung von Neukundinnen und Neukunden im Bereich Windenergie, Photovoltaik und Biomasse sowohl für den Bereich der Direktvermarktung als auch für den Bereich der sogenannten Power Purchase Agreements.
- Du übernimmst die Betreuung unserer Key Accounts und treibst den Ausbau des vorhandenen Vermarktungspotenzials sowohl im Bereich der Produktentwicklung als auch im Bereich der Vertragsverlängerung voran.
- Du nimmst an Branchentreffs, Fachtagungen und Seminaren teil, mit dem Ziel als Impulsgeber für neue Produkte zu agieren.
- Du organisierst Kundenwebinare mit dem Ziel deine Key Accounts langfristig sowohl persönlich als auch durch deine fachliche Expertise an uns zu binden.
- Du unterstützt bei der Planung und Organisation von Messeauftritten.
- Du wirkst an der Ausgestaltung von Vertriebsprojekten und Kampagnen mit.

### Dein Profil:

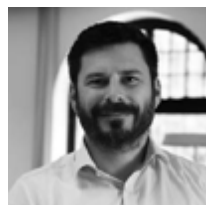

- Du verfügst über ein Diplom oder Masterabschluss im Bereich BWL, VWL oder Ingenieurwesen mit dem Schwerpunkt Energiewirtschaft.
- Vorzugsweise bringst Du bereits Erfahrungen in einer vergleichbaren Position in der Energiebranche mit.
- Themenfelder wie die Direktvermarktung im Bereich Wind und die Abwicklungsstruktur von PPAs sind keine Fremdwörter für Dich.
- Du hast Lust in einem sehr motivierten Team mit flachen Hierarchien zu agieren.
- Du zeichnest Dich durch Flexibilität, Teamfähigkeit und Durchsetzungsvermögen aus.

### Was wir Dir bieten:

Attraktive Arbeitsbedingungen, spannende Aufgaben und Entwicklungsmöglichkeiten. Neben flexiblen Arbeitszeiten, marktgerechter Vergütung, modernster Büroausstattung und perfekter Anbindung an den Nahverkehr bieten wir zahlreiche Zusatzleistungen wie z. B. ein vergünstigtes Jobticket, die Möglichkeit zum mobilen Arbeiten und diverse Weiterbildungsangebote.

### Du bist interessiert?

Du hast Spaß daran, an zukunftssträchtigen Themen mitzuwirken und die Energiewende aktiv mitzugestalten? Dann sende uns Deine vollständigen Bewerbungsunterlagen per E-Mail zu. Wir freuen uns auf Deine Bewerbung!
