

E.ON is one of the world's largest investor-owned power and gas companies. At facilities across Europe, Russia, and North America, our nearly 72,000 employees generated just under EUR 132 billion in sales. We have an ambitious objective: to make energy cleaner and better wherever we operate.

E.ON Global Commodities SE is at the heart of global energy markets.

Our primary objective is to maximize the value of E.ON's power and gas assets and to manage the commodity price risks associated with operating those assets.

The new E.ON Global Unit is based in Düsseldorf and started in May 2013.

We are looking for our Department Corporate Affairs in Düsseldorf for a/an
