

Those who seek to shape
the future, always find
a way.

RWE Powering. Reliable. Future.

Working Student Exchanges & Brokers Relationship Management m/f/t (6–12 months)

RWE Supply & Trading GmbH, Trading Operations & Affairs, Essen, Germany
Start asap, part time, fixed term

Your future plans

- Participating in the creation of an overview of all trading venues where RWE Supply & Trading is actively trading at, e.g. exchanges, CCP, clearing members, brokers
- Co-operating with RWE Supply & Trading's IT department to map the trading venues overview in a searchable database
- Carrying out research of documentation on rules and regulations related to RWE Supply & Trading's trading venues
- Supporting the creation of relationship management function with RWE Supply & Trading's key internal and key stakeholders
- Carrying out research and collecting requirements from exchanges and clearing members about algorithm trading and how those apply within RWE Supply & Trading

Your powerful skills

- Graduate with interest in energy trading business
- Basic knowledge of trading and financial markets and especially of commodity business
- Good analytical and presentation skills
- Good knowledge of MS Office tools (Word, Excel, PowerPoint)
- Fluent in English, good knowledge of German
- Good communication skills, team player

Benefits you can rely on

Reliably powering the future calls for excellent employment conditions. For example the chance to build up strong knowledge about key actors and mechanisms of trading commodities over exchanges for all major commodity exchanges all over the world (Europe, US, Asia); exchanges and clearing houses rulebooks; financial market regulations (EMIR, MiFID, MiFIR). You will get first professional experience in a trading environment and understand key processes about front office desks, IT technology and support functions.

At RWE, you will find all the advantages of a large technology group. And some merits that are even more crucial: openness and real team work. For we are open to the future and are building on the strengths of each and every individual. We value his/her work and opinion; we listen, pursue active ideas management and engage in direct exchanges. Respect, appreciation and mutual trust are the hallmarks of cooperation within the international RWE team.
